EE Graduate Student Receives prestigious National Science Foundation (NSF) student travel grant

September 24, 2015

Tanjil Amin, graduate student in the Department of Electrical Engineering and member of the [CWiNs Research Lab](#) at Georgia Southern University, has been awarded the prestigious National Science Foundation (NSF) student travel grant (STG) to attend the 2015 IEEE Global Communications Conference ([IEEE GLOBECOM 2015](#)), in San Diego, CA, from December 6 – 10, 2015 to present his research paper, *Performance Analysis of Secondary Users in the Presence of Attackers in Cognitive Radio Networks*, co-authored with his thesis adviser, Dr. Danda B. Rawat. This travel grant is highly competitive and awarded to only a limited number of students based on the paper quality. IEEE GLOBECOM is one of two flagship conferences of the IEEE Communications Society.
